

## FUNDING INFORMATION STATEMENT

### DVA PRIVACY CLASS ACTION

#### MORGAN V COMMONWEALTH OF AUSTRALIA

Case: S ECI 2026 06680

Filed on: 02/10/2026 12:03 PM

#### 1. How is the group proceeding being funded?

The Plaintiff's legal costs in this group proceeding are partly funded by Omni Bridgeway (Fund 5) Australian Inv't. Pty Ltd (the **Funder**), with the balance funded by Gordon Legal on a 'No-win, No-Fee' basis.

The Funder is associated with Omni Bridgeway Limited, a company publicly listed on the Australian Securities Exchange. The Funder has entered into litigation funding agreements with the Plaintiff and a number of group members (**Litigation Funding Agreements**). The Litigation Funding Agreements set out the terms on which the Funder is to provide funding for this group proceeding.

#### 2. When and how will litigation funding costs be charged to the Plaintiff or group members?

Group members will not be out of pocket by participating in the group proceeding, irrespective of whether the case is successful or unsuccessful.

For the duration of the group proceeding, Gordon Legal will record its professional fees based on an hourly rate for the time its staff spend working on the claim. Gordon Legal will be part paid by the Funder pursuant to those rates. Reasonable expenses incurred in running the case (for example, fees charged by experts and barristers) will be paid by the Funder in full.

If the group proceeding is successful (whether by settlement or judgment), the Litigation Funding Agreements provide that the Funder is to be:

- reimbursed legal and other costs it has paid pursuant to the Litigation Funding Agreements;
- paid a funding commission which is a percentage of the total of any settlement or compensation sum as shown in the table below:

| Time since the 'Condition Precedent' date of 10 December 2025 | Base funding commission |
|---------------------------------------------------------------|-------------------------|
| Up to 1 year                                                  | 15%                     |
| 1 year to 2 years                                             | 20%                     |
| 2 years to 3 years                                            | 22.5%                   |
| 3 years to 4 years                                            | 25%                     |
| 4 years to 5 years                                            | 27.5%                   |
| 5 years to 6 years                                            | 30.25%                  |
| ... + 1 year                                                  | .... × 1.1              |

- paid additional funding commission of 5% per appeal; and

- paid additional funding commission of 2.5% per additional defendant added to the proceeding.

The Court will scrutinise any deductions which are proposed to be made from any settlement or compensation sum, and will assess whether those deductions are fair and reasonable.

The Court may be asked to make a common fund order, which is an order requiring all group members to contribute to the costs of funding the proceeding on a fair basis, including those who have not signed a funding agreement.

If the group proceeding is unsuccessful, the Funder will cover the costs.
